

## Media Advisory

For Immediate Release:  
July 25th, 2023  
Cincinnati, Ohio

**WHAT:** Actor Jim Caviezel, General Michael Flynn, Abby Johnson, and more renowned Christian leaders to be announced, are traveling to Cincinnati, OH for a massive event on August 6th, 2023. An incredible Rosary Rally has emerged out of nowhere, aiming to support voting YES on Ohio's Issue 1. The event has already wildly exceeded projected attendance in a very short amount of time as the anticipation grows to attend the event. The event hopes to encourage ALL Christians in Ohio to vote "YES" on Issue 1, two days before the crucial August Election begins August 8th.

"We are seeing a new awakening among Catholics who love their Country and will no longer just sit back as the world around them crumbles. The attention this event is already getting confirms just that." said John Yep, CEO Catholics for Catholics.

The same Catholic groups behind the successful LA Dodger Prayer Rally last June, garnering international headlines, are carrying the momentum forward and joining forces with local Ohio groups to execute a monumental event.

Media outlets and major Christian organizations, such as the Center for Christian Virtue and many others, are calling this the most important pro-family rally since Roe v Wade was overturned. The event will take place within the Archdiocese of Cincinnati, who has been invited to participate. Two powerhouse Catholic entities, the Catholic Speakers Organization and Catholics For Catholics, have teamed up with the primary goal to bring widespread attention to Ohio's Issue 1 and maximize awareness about why we should vote YES on Issue 1.

**WHEN:** Sunday, August 6th, 2023 | 3pm - 6pm ET  
Feast of the Transfiguration of the Lord, a holy day for Christians around the world.

**WHERE:** Dorl Field, Norwood, Ohio | 2648 Robertson Ave., Norwood, OH 45212

**WHY:** With the breaking news from the Ohio Secretary of State's office announcing that the ACLU's Abortion and Child Sex Change Surgery Amendment collected enough valid signatures and will be on the ballot this November, Catholics and Pro-Family groups are joining forces to push back in an unprecedented way.

Woke extreme groups are attempting to enshrine abortion till birth, including a parent's ability to stop their child from being pressured into an abortion. Additionally, they are attempting to grant the "right" for minors to receive harmful hormone-suppressing drugs and undergo permanent sex change mutilations without their parent's knowledge.

The upcoming August Election has just ONE issue. A Vote for YES on Issue 1 will put the threshold in Ohio from a simple majority of 50% +1 to 60% and is a way to protect preborn babies and minors from receiving permanent sex change mutilations without any parent involvement. If ISSUE 1 passes on August 8<sup>th</sup>, this would make it harder for the woke groups to achieve their goal in November.

*"When we learned how important this issue was to Ohio and how it is poised to set the table for the rest of the country, we had to act and act fast. This rosary rally will serve as a visual manifestation that God's children must be protected, and as men of God, we will not stand by and watch our country be morally robbed." said Joe Condit, founder & CEO of the Catholic Speakers Organization.*

Thousands of Christians and supporters of life will join in a peaceful prayer rally at Dorl Field to express their steadfast support for Issue 1 and to hear the nation's leading figures on the topic. Christians of all faiths are using this event to make a statement and stand together to speak out. Enough is Enough! Children must be protected at all costs.
